THE STORY OF MERRIDY'S WAY:

Our story began when Merridy Hoover, a go-getter with great ideas, envisioned a project that would become known as "Merridy's Way." Truly a Christian, her life was a wonderful example of God's love. As a final wish, Merridy commissioned her friend Sandy Simon, also a cancer survivor, to collect gently used wigs from others who no longer needed them. Sandy collected 17, which she kept at her home.

Next came Laura Main who, learning about what Sandy had been asked to do, brought another wig and joined Sandy's efforts to find homes for the growing collection. Kay Barton, a breast cancer survivor, also joined the team, and the three developed the idea of starting a local organization to provide these wigs free of charge to women in Licking County.

Word of the project grew quickly, and by God's grace, the trio connected with Julie Ulery, the cosmetology instructor at C-TEC. Another cancer survivor, Julie saw the value of this

project not only for the ladies receiving the wigs but also for her students, who would be providing a community service through styling and caring for the wigs while learning their profession.

Licking Memorial Hospital generously donated the space at C-TEC for Merridy's Way and Lynne Windley joined Merridy's team and created the lovely boutique-like atmosphere where ladies would feel special coming to choose their wig.

Merridy's Way gives women facing the challenge of hair loss a beautiful wig, free personalized styling and a positive new outlook.
