

## C-TEC ABLE/Aspire Scholarship Application

**Application Instructions:** please complete this application (print and complete). Supporting information such as your Personal Statement and Letter of Recommendation must be typed. Form may be completed by applicant (not by office staff or parent or any other person or persons on your behalf). Most scholarships will be awarded for the beginning fall modules (generally starting in August or early September) for Adult Education Full-time Programs; if all scholarship funds are not awarded, then additional start dates will be considered. You may contact Janet Fletcher at [jfletcher@c-tec.edu](mailto:jfletcher@c-tec.edu) with questions. Scholarship availability is based in part on available funds.

Incomplete submissions may be subject to immediate disqualification. Scholarship payments are made directly to the school. A student does not need to be receiving PELL in order to qualify, but PELL funding will be applied before Scholarship funding. It is what is called a “last dollar” scholarship meaning it is applied after other funding options are used. Scholarship funding is available based on funding availability and also will be applied only to direct costs for schooling (tuition, books, supplies, student services and credentialing costs). Work Keys testing must be paid for by the student at the time they are taken. Scholarships can be applied later to Work Keys testing for a student refund of the cost.
