

2020-2021 C-TEC Preschool Academy

To Parents of children enrolled:

Please be aware that there may be many changes and adjustments to the preschool opening date, daily schedule, days and times of attendance and enrollment numbers. As Governor DeWine's office, the Ohio Department of Education, the Ohio Department of Health and the C-TEC administration make decisions about what school will look like in the fall, we will have a better idea of how the preschool will be affected. Ms. Dickerson will remain in touch with you during the summer and will update you as necessary. Please check your email regularly as that will be the primary method of communication. She will also be posting information on the C-TEC website.

In order to be prepared for the 2020-2021 school year certain paperwork has to be in place before your child can start preschool. We will need the following documents from you.

- Medical Statement with a current copy of Immunization Records
- Enrollment packet (all pages filled out).

As most of you know, Mrs. Wolfe will not be coming back next year. Please use Ms. Dickerson's email for any correspondence.

Contact Information: Andrea Dickerson C-TEC Preschool Academy Director

Email: adickerson@c-tec.edu

Please use the email address for a quicker response than calling the school.

To Parents who are interested in enrolling:

Please E-MAIL Andrea Dickerson if you have any questions. At this time we are accepting applications, however, there may be a waiting list.
